Monsoon School on Urban Floods
August 5 - 10, 2019

About the Event
Interdisciplinary Centre for Water Research (ICWaR), Indian Institute of Science (IISc), Bangalore is organising a one-week Monsoon School on Urban Floods during 05 – 10 August, 2019. The School is sponsored by the Knowledge Societies Division of UNESCO, Paris and is partially supported by the research project entitled, “Urban Flood Model for Bangalore”, funded by Department of Science & Technology (DST), Government of India.

The School will comprise of lectures and tutorials by experts, covering topics of urban meteorology, urban hydrology, radar and remote sensing analysis of rain events, engineering practices, AI & analytics and post-flood responses. Group discussions will be arranged to bring out the relevance of the state-of-the-art tools and methodologies for managing urban floods in Indian cities. This is the sixth year the School will be conducted and builds on the success and overwhelming response it has received from the participants. Research students, representatives from governmental and non-governmental organisations across India as well as neighboring countries like Sri Lanka, Nepal and Bhutan have benefitted from the School.

Venue and Date
Interdisciplinary Centre for Water Research (ICWaR), Indian Institute of Science, August 5 - 10, 2019.

Registration Fee
There is no registration fee.

Eligibility
The School is targeted at young researchers and practising engineers

Accommodation
On campus accommodation may be considered for outstation participants on request.

Contact Person
Please send completed application form to the following address by e-mail or hardcopy.

Prof. P. P. Mujumdar,
Chairman, ICWaR,
Indian Institute of Science,
Bangalore, 560012
